Geetanjali Medical College and Haveli Pariwar to Launch 'Beejotsav 2.0' Tree Plantation Drive on August 12

Udaipur: In a major step toward ecological preservation and afforestation, Geetanjali Medical College & Hospital and the Haveli Pariwar, Rajasthan, are all set to launch the second edition of their environmental campaign, 'Beejotsav 2.0', on August 12, 2026. The grand inauguration ceremony will take place at 4:00 PM at the Amritam Bagh Resort & Spa, located at Fateh Sagar ka Guda (ahead of Badi, near Miraj Pipe Factory) in Udaipur. This year's campaign has been aptly themed: "One Tree, Many Lives – Let's take a step towards a green and healthy future." Prominent Dignitaries to Grace the Event The opening ceremony will witness the presence of leading figures from the forest administration, healthcare, and academic sectors. The event's chief guests

and special invitees include: Rahul Bhatnagar, Retired Forest Superintendent Tarun Meena, Assistant Conservator of Forests Rishi Kapoor, CEO Dr. Harpreet Singh, Medical Superintendent Arvinder Yadav, Registrar Focus on Seed Ball Technology and Mass Awareness According to the organizers, the core objective of Beejotsav 2.0 is to combat deforestation and restore barren or rugged landscapes using innovative seed ball methodologies. This technique ensures higher germination and survival rates in uncultivated terrains. Beyond physical planting, the campaign aims to foster grassroots environmental consciousness, encouraging citizens to actively participate in building a greener ecosystem. Open Invitation to Nature Enthusiasts The driving forces behind the initiative—Kalpesh Chand Rajbar, Head of Marketing at Geetanjali Hospital, and Pradyumn Singh Rathore of the Haveli Pariwar—have jointly appealed to local environmentalists, nature lovers, and city residents to turn out in large numbers for the launch and pledge their support to a sustainable future.

Surgeons in India Remove 17.6-Pound Fibroid From Woman After 18 Years

Udaipur: Surgeons in India removed a 17.6-pound (8-kilogram) uterine fibroid from a 44-year-old woman, ending an 18-year period of severe pain and heavy bleeding, hospital officials announced Thursday. The patient, a resident of Bhilwara, had experienced chronic abdominal pain and abnormal menstrual bleeding for nearly two decades.

After her condition worsened, she was admitted to Geetanjali Hospital in Udaipur, where diagnostic tests revealed a massive, irregularly shaped fibroid measuring 40 by 40 centimeters that occupied nearly her entire abdominal cavity. A surgical team led by Dr. Neelam Toshniwal and Dr. Divya Choudhary, under the guidance of Dr. Madhubala Chauhan, performed the 90-minute operation on Aug. 8.

Due to the size and complex structure of the tumor, surgeons performed a hysterectomy to remove the mass along with the uterus. "Operating on a fibroid of this scale presents significant surgical and anesthetic challenges, particularly due to the pressure exerted on adjacent organs and the high risk of hemorrhage," the surgical team said in a statement. Anesthesia specialists Dr. Akshay and Dr. Poorva managed the patient's blood pressure drops during the procedure. The patient received three units of blood during treatment, spent one day under observation in the intensive care unit, and is now recovering. Medical experts at the hospital emphasized that women should not ignore symptoms such as prolonged heavy bleeding, persistent pelvic pain, or abnormal abdominal swelling, noting that early medical evaluation can prevent severe complications.

New State-of-the-Art Aesthetic and Dental Center to Open Tomorrow in Udaipur

Udaipur: Aiming to provide residents with advanced, world-class dental and aesthetic care, the center of excellence—Fernwehs Aesthetics & Dentistry—will be inaugurated tomorrow. The center will offer a wide range of treatment services utilizing modern technology, world-class amenities, and high-tech equipment approved by the US Food and Drug Administration (US FDA). Fernwehs Aesthetics & Dentistry has been developed as a specialized care center offering comprehensive services under one roof. These include advanced procedures in dentistry, anti-aging therapies, laser hair removal, facial enhancement treatments, aesthetic plastic surgery, and clinical skin treatments. A major highlight of the center is the expert care provided by Dr. Chirag Agarwal, a renowned pediatric dentist in Udaipur who has been serving the community for several years. Additionally, both Dr. Garima Agarwal and Dr. Chirag Agarwal have received specialized training in anti-aging medical science from Europe and have been practicing as experts in Udaipur for a long time. Through Fernwehs Aesthetics & Dentistry, an effort has been made to bring cutting-edge services in dental, skin, aesthetic, and anti-aging care together at a single location. This initiative will allow local residents to access expert consultations and multi-specialty facilities under one roof. The center aims to deliver superior patient care by combining modern medical technology, expertise, and high-quality service standards. The launch of Fernwehs Aesthetics & Dentistry is being seen as a significant milestone in advancing modern dental and aesthetic care in Udaipur.

Gangodbhav Echoes with Devotional Songs of Mahadev, Devotees Immersed in Bhakti

Udaipur: The Gangodbhav complex reverberated with devotional songs dedicated to Lord Mahadev on Thursday, the fifth day of the seven-day programme being organised by the Shiv Mahotsav Committee ahead of the 21st grand Kanwar Yatra scheduled for August 17.

The Kanwar Yatra will commence from Gangodbhav Kund, regarded as the fourth sacred source of the Ganga, and proceed to Ubeshwar Mahadev. As part of the seven-day celebrations aimed at ensuring participation from all sections of society, a grand musical Bhajan Sandhya was organised at the Shri Dev Rajrajeshwar Mahadev Temple in the Gangodbhav complex by Shri Eklingnath Satsang Mandal, Ambadarkat.Shyam Tailor, Lokesh Joshi, Naresh Audichya, CP Sahu, Mohan, Naresh Dave and Suresh Sahu, along with their team, presented soulful devotional bhajans dedicated to Lord Mahadev. The devotees were completely immersed in devotion as the melodious performances filled the atmosphere with spiritual fervour.

The entire Gangodbhav complex echoed with chants of "Har Har Mahadev."

The devotional evening further heightened enthusiasm among devotees for the upcoming Kanwar Yatra.Spokesperson Krishnakant Kumawat said that Yagya Narayan Sharma, Manohar Chaudhary, Mahesh Bhawsar, Shivshankar Nagda, Lokesh Joshi, Suresh Rawat, Bhagirth Singh, Suresh Sahu, Santosh Sharma, Suryaprakash Upadhyay, Om Sahu, Chandraprakash, Bharat Sharma, Rahul Shrimali, Ronak Bhati, Naresh Audichya, Harinarayan Purohit, Bhagwatilal Sahu and a large number of devotees were present on the occasion.

Flag Hoisting Ceremony and Tiranga Yatra on August 15

Convenor Advocate Dr. Ramkripa said that on the sixth day of the seven-day celebrations, a flag hoisting ceremony will be organised at the Gangodbhav premises at 8 am on Saturday, August 15, by the Gangu Vikas Samiti.At 4 pm, under the guidance of Narendra Paliwal of Vipra Foundation, Ganga Kalash Puja will be performed, following which a Tiranga Yatra will be taken out from Parshuram Circle to the Gangodbhav Kund complex.The organising committee has appealed to devotees and citizens to participate in the programmes in large numbers.

Dr. Ashish Jakhetia Elected Director Education (West Zone) of Association of Breast Surgeons of India

Udaipur: Dr Ashish Jakhetia of Geetanjali Medical College & Hospital, Udaipur, has been elected as Director Education (West Zone), India, of the Association of Breast Surgeons of India (ABSI) for the 2026–2028 term.

The prestigious national responsibility recognises Dr Jakhetia's significant contribution to the fields of breast cancer surgery, medical education, training and research. In his new role, he will play an important part in strengthening academic programmes, training initiatives, professional collaboration and evidence-based breast cancer treatment across western India.

The management and medical faculty of Geetanjali Medical College & Hospital congratulated Dr Jakhetia on the achievement and wished him a successful and impactful tenure. They said the recognition is a matter of pride for the entire Geetanjali family and will further enhance the institution's reputation on national and international academic platforms.

Breast cancer is the most common cancer affecting women, highlighting the need for greater awareness, timely screening, early diagnosis and appropriate treatment, particularly across Rajasthan and western India. Dr Jakhetia's new academic role is expected to contribute to improved breast cancer awareness, medical training and patient care in the region.

Expressing gratitude for the responsibility, Dr Jakhetia said he is committed to making meaningful contributions to education, research, training and public awareness through the association. He said his

focus will be on further improving the standards of breast cancer treatment and professional training in western India, while strengthening Geetanjali Medical College & Hospital's presence on national and international academic platforms.

The management, doctors, faculty members and staff of the institution extended their congratulations to Dr Jakhetia and wished him a successful tenure.

Hindustan Zinc Builds Next-Gen Leadership Pipeline with 10% of Leaders Under 35

Udaipur: Young professionals are increasingly moving from the workforce into strategic decision-making roles at Hindustan Zinc, where 10% of company leaders are now under the age of 35. Marking International Youth Day 2026, the world's largest integrated zinc producer and top-ten silver producer highlighted how Gen Z and Millennials are transforming traditional mining and manufacturing into technology-led, future-ready sectors.

With over 62% of its total workforce under 35 and a 26.3% gender diversity ratio, Hindustan Zinc is actively shaping a diverse generation of industrial talent. Over the past two fiscal years, the company recruited nearly 700 young professionals, including 335 campus hires in FY26 alone through its VLDP, GET, PGET, and MT programs from top Indian institutions—dubbed its #EchoesOfTomorrow.

Commenting on the milestone, Mr. Amarendu Prakash, CEO of Hindustan Zinc, stated:

The future of industry will be shaped by a generation that thinks differently, challenges convention, and sees technology and sustainability as fundamental. Our ambition is to give young professionals the opportunity to lead this change—with meaningful responsibilities, the freedom to innovate, and the scale to create real impact."Young leaders are currently driving high-tech operational achievements, including remote blasting, tele-remote equipment handling, real-time monitoring, and digital control rooms.

To support this modern workforce, Hindustan Zinc offers flexible work hours, night shifts for women, spouse hiring, year-long childcare sabbaticals, and comprehensive mental health leave. Through progressive skill-upgradation, internal talent mobility, and circular economy practices, the company is establishing core industrial sectors as premier career destinations for India's youth.

Three Tiny Warriors Defeat the Odds: Free Treatment at PIMS Saves Newborn Lives

Udaipur: Three extremely low-birth-weight newborns have successfully overcome critical health challenges at the Pacific Institute of Medical Sciences (PIMS), returning home in healthy condition after weeks of intensive care.

The infants were born weighing just 720, 840, and 915 grams—approximately a quarter of the average newborn weight. Under the supervision of Dr. Vivek Parashar, alongside Dr. Rahul Khatri and Dr. Manoj Joshi, the medical team spent 45 to 60 days managing severe risks related to respiration, temperature control, infections, and neurological development.

Advanced NICU support and specialized care, which typically run into lakhs of rupees, were provided completely free of cost by PIMS, offering enormous relief to the families.

PIMS Chairman Ashish Agrawal commended the medical and nursing teams for their dedication. All three babies have now been discharged in stable condition with advice for regular follow-up monitoring.

Jal Doot – Nasha Doot Campaign Organized at The Vision Divine Academy

Udaipur: The Vision Divine Academy hosted the Jal Doot – Nasha Doot Campaign, opening with a traditional Jal Aarti to honor water conservation.

Senior Jal Mitra Dr. P. C. Jain presented a video titled "Water: Today and Tomorrow," urging students to capture monsoon rainwater and protect groundwater reserves. Concurrently, a video on the hazards of tobacco and gutka inspired students to pledge towards an addiction-free lifestyle.Under teacher in-charge Mrs. Hansa Garg, fifteen students—including Nakshika Salvi and Sonakshi Soni—were designated as "Jal Doot – Nasha Doot" student ambassadors. Mrs. Kiran Soni delivered the welcome and vote of thanks.

SPSU Hosts Seminar on 'Space Science to Spirituality'

Udaipur: The Department of Science at Sir Padampat Singhania University (SPSU) organized an insightful seminar titled "Space Science to Spirituality," blending scientific exploration with inner wisdom for holistic learning.Welcoming the gathering, Hon'ble President Dr. Sanjay Sinha emphasized integrating science and spirituality to foster balanced education. Keynote speaker Prof. (Dr.) Bhuwan Joshi from the Udaipur Solar Observatory (PRL) presented "Exploring the Sun, the Moon, and Beyond," celebrating India's landmark achievements and growing global role in space research.Following this, Shri Madan Govinda Das delivered a talk on "Spiritual Science versus Material Science," highlighting the need to align technological advancement with inner growth.The event concluded with speaker felicitations and a vote of thanks. Pro-President Prof. (Dr.) Prasun Chakrabarti and Engineering Dean Prof. (Dr.) Amit Goel attended alongside faculty and students.

Workshop on Swami Vivekananda's Vision of India

Udaipur: The Department of Sciences, School of Engineering and Sciences, Sir Padampat Singhania University (SPSU), organized a workshop and Pre-Independence Day celebration on the theme "India in the Eyes of Swami Vivekananda: Nation-Building, Personality & Character Development." Swami Medhajananda Ji, a monk and Coordinator Youth Programmes, Shri Ramakrishna Ashrama, Rajkot, was the revered guest. Hon'ble President Dr. Sanjay Sinha, FRSA, felicitated Swami Medhajananda Ji and highlighted the significance of Swami Vivekananda's vision of a strong, self-reliant and character-driven India, particularly in inspiring young minds towards responsible citizenship and nation-building. The workshop was organized for two batches of 120 students each, providing students with an opportunity to listen, reflect and interact with Swami Medhajananda Ji. The programme explored how Swami Vivekananda's vision of strength, self-confidence, education, character and service can inspire students to develop confidence, discipline, leadership and personal excellence. It encouraged students to reflect on the significance of India's freedom while fostering a deeper understanding of their responsibilities as young citizens and their role in building a progressive, responsible and harmonious society. The organizers expressed their gratitude to the President and Dean of the School of Engineering and Sciences for their encouragement, guidance and support in conducting the programme. The event concluded with a call for students to draw inspiration from Swami Vivekananda's teachings and contribute towards building a stronger, more responsible and value-driven India.
